

VCP-WIFI-R3 Voice Call Point

Comprehensive Protection at Home

- Emergency Voice Call Point via WiFi connection
- Excellent Two-Way Voice Quality
- Long Range
- Effortless Setup

VCP-WIFI-R3 is an AC-powered Emergency Voice Call Point with Wi-Fi capability, having one button that can be used to make calls when there is an emergency. VCP-WIFI-R3 can work with routers that support Wi-Fi network, providing network connection for making outgoing voice calls and receiving incoming calls for two-way voice communication.

As a smart device, the VCP-WIFI-R3 provides high-clarity, hands-free, two-way communication with Wi-Fi network in the event of an emergency. Having multiple VCP-WIFI-R3 placed at strategic locations throughout the home can create an extra network of safety. When an emergency happens, senior users can simply use the nearest Voice Call Point to summon help. It is suitable for senior and medical care and ideal for multi-story homes and larger premises.
