

KP-39-ULE Remote Keypad Series

Operate the System at Your Fingertips

KP-39-ULE is a smart wireless user-friendly remote keypad, offering users an easy-to-program solution to easily arm, disarm, and home arm their security system. To provide additional peace of mind and safety, this keypad series features dual key function that can activate panic, fire, or medical emergency alarm at a press.

KP-39-ULE features a power conservation function that consumes power only when in operation. Safeguarded by tamper protection, the KP-39-ULE is protected from being opened or removed from the mounting surface. Completely wireless, the KP-39-ULE keypad can be wall mounted anywhere, allowing users the flexibility to place it at the most convenient and accessible location anywhere in the home.

- A 15-button backlit keypad
- Power conservation feature
- Superior RF transmission range
