

BX-32ZW Outdoor Bell Box

High Quality Bell Box with Effective Visual and Audible Alerts

- Siren output level is 104dB at 1 meter
- Elegant, modern design
- Wireless, lightweight, easy to install

BX-32ZW is a Z-Wave battery-operated wireless outdoor siren generating a loud 104 decibel siren sound and strobe lights during an alarm to provide visible and audible alerts. The BX-32ZW is energy saving and environmentally conscious, requiring only two alkaline batteries, yet still has a long battery life of up to four years.

The BX-32ZW generates unique alarm sounds for fire and burglary to inform users of the type of danger at hand. It provides programmable siren duration of 3, 5, and 10 minutes. Additionally, the BX-32ZW also emits beep notifications for arming and disarming of a security system, door chime and low battery reminder. BX-32ZW transmits supervisory and low battery signals to the control panel to ensure its faultless operation.

Encased in a durable, IPX5 waterproof elegant design, lightweight and easy-to-install BX-32ZW is a premium choice for the modern smart home. BX-32ZW's tamper-deterrent feature protects against unauthorized removal or sabotage. The BX-32ZW is compatible with other manufacturers' Z-Wave systems.

Features

- Siren output level is 104dB at 1 meter
- Unique alarm sounds for fire and burglary
- Four Selectable Siren Volume Levels
- Smaller, visually pleasing design
- Programmable siren duration of 3/5/10 minutes
- Sound notifications of arming/disarming, door chime and low battery status
- IPX5 waterproof and UV resistant housing
- Regular supervision signals to check system integrity
- Lightweight and flexible to install
- Low battery detection
- Cover tamper protection prevents unauthorized removal
- Compatible with others' Z-Wave mesh systems
- Compliant with CE requirement

Specifications

Communication Protocol	Z-Wave Plus 500 series module
Frequency	868.40 MHz (EU) / 908.40 MHz (US)
Power Source	3V, Alkaline Batteries x 2
Battery Life	4 years*
Siren Output	104 dB at 1 meter
Operating Temperature	-25°C to 60°C (-13°F to 140°F)
Operating Humidity	Up to 85% non-condensing
Dimensions	180mm x 57.7mm x 213.6mm

*Note: Actual battery life may vary with product settings, usage patterns and operating environment.
